We are grateful for the financial support of the the members of our community. You are much needed. In developing our policy manual, we took guidance from other museums in Nova Scotia.. In doing so, we discovered that many people like you offer their financial support with the benefits as noted above, but you do not wish to get involved in the museum as a member volunteering your time. We decided to follow our models and move people such as yourself into a category, a treasured category, that of “Friend or Friends of the Heritage Centre.” Of course, we would never turn you down as a volunteer. Please consider becoming “A Friend” or if you have supported us in the past, continue doing so as “A Friend”.
